Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

Washington Monument in Budapesth.

Yesterday was George Washington Day in Budapesth Hungary's capital, and the entire population from morning until night gave itself up to enthusiasm over the unveiling on monarchical territory of a monument to the first President of the United States. The Stars and Stripes and the Hungarian colors intertwined were to be seen everywhere.

Yesterday morning there were special sermons in many of the churches. In the afternoon thousands of persons lined the streets through which passed an imposing parade to the City Park, in which the monument stands. Thirty thousand persons were in the park, which was surrounded by many thousands more.

Prior to the unveiling united choirs sang the Hungarian and then the American national anthem and other hymns.

Herr Rakovski, vice president of the Chamber of Deputies, was the orator at the unveiling. Mr. Kohanyi, in a speech, praised American institutions and freedom.

The people paraded past the monument, covering the pedestal with wreaths and floral designs.

At a banquet last night Herr Bauzy toasted President Roosevelt and Consul-General Chester proposed the health of the King of Hungary. Count Apponyi enlogized the United States and expressed his admiration of Hungarian-Americans for being absolutely loyal to their new home while retaining their love for the fatherland.

Another Steamer on a Reef.

The Pacific mail steamship Mongolia, asister ship of the Manchuria, is aground on Midway Reef in the North Pacific Ocean. The ship is being lightered and her passengers are being landed safely. The weather is fine and the sea smooth.

The steamship Mongolia sailed from Yokohama for San Francisco, September 10. The reef upon which the Mongolia is ashore nearly surrounds the Midway Islands, a group in the North Pacific Ocean, northwest of the Hawaiian Islands. The reef is open only on the west side, admitting to Welles harbor, which is roomy and safe. On Midway Island is a station of the Commercial Cable Company. The Mongolia is the third big ship to go ashore on islands in the Pacific Ocean in the last few weeks. The Manchuria, a sister ship of the Mongolia, belonging to the Pacific Mail Company, was the first to go ashore, on August 20, upon a coral reef on Rabbitt Island, near Oahu Island, Hawaii. The United States transport Sherman stranded a short time afterward near the same place. There were several Baltimore people on the Manchuria, but no lives were lost.

Twenty-five cases of dynamite were used in blowing up the coral under and around the Manchuria, and the big ship was finally floated Saturday. It has been suggested that the recent seismic disturbances have somewhat changed the chart lines in those waters, and that coral reefs have been moved.

Ex-Mayor Fatally Shot.

I. T. Hall, ex-mayor of Radford, Va. was shot and perhaps fatally wounded by James O'Connor, of West Virginia, a detective of a private agency, Saturday night in the restaurant owned by Mr. Hall, in Radford. The trouble grew out of an alleged insult to a young girl employed in the restaurant, which Mr. Hall resented by a sharp rebuke. O'Connor responded by slapping Mr. Hall on the face, and a fight followed. Mr. Hall's son, Irving Hall, who is a student of Richmond College, shortly after the trouble began pushed his father aside, according to Mr. Hall's account, and took the fight on his own hands. He was dragged off by a third party, however, when he had gotten O'Connor down. The next moment O'Connor was on his feet and fired on Mr. Hall, shooting him through the lungs. His condition is serious, and grave fears are entertained as to his recovery.

Mr. O'Connor asserts that he did not insult the girl, who is a mere child. He also says that he did not slap Mr. Hall, but merely pushed him off, and that both Mr. Hall and his son jumped upon him, as well as a negro employed in the restaurant. He also claims that shots were fired from the kitchen before he shot Mr. Hall. Although under arrest, O'Connor has not yet been given a preliminary hearing. Bail has been refused O'Connor. He is badly beaten about the face and head, as was also Mr. Hall.

A Scientific Wonder.

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. Under Ten Days' Option!

$60,000.00 Common Stock of

Washington Luna Park Company.

To Investors:

In December, 1905, it was proposed to erect an amusement park near Washington, where attractions of the highest grade would be offered for the entertainment of the entire family. The proposition at once appealed favorably to some of the financiers in control of the Washington, Alexandria & Mount Vernon Railway Company, and some of those gentlemen, with other Pennsylvania capitalists, invested $175,000.00, which was actually paid into the treasury of the Washington Luna Park Company, in cash, and an equal amount of common stock was issued by the company therefor. There were no bonds or preferred stock issued. No opportunity was given any Washington investor to participate in the venture, and, as near as can be learned, no one in Washington was solicited to subscribe or buy any of the company's stock. Luna Park was built, the people about Washington have seen it, they can see it today, they are rapidly becoming acquainted with the park, and can, in a way, form their own ideas as to whether it is a profitable enterprise or not.

The Construction Work in Luna Park was done with a view to its permanency, and it is as well constructed as any amusement park in the United States. (See letter below.) The same financial interests which reorganized and put the Washington, Alexandria & Mount Vernon Railway Company on its feet watched the construction work, and saw to it that full value was given for the investment made.

The Management of Luna Park is in the hands of Mr. George E. Gill, a man of recognized ability, experience and integrity.

The Financial Affairs of the Washington Luna Park Company are controlled by Mr. John W. Pittock, its Secretary and Treasurer; and the large majority of the company's stock is now in the hands of Mr. Pittock and his Philadelphia associates, all of whom are connected with the Washington, Alexandria & Mount Vernon Railway Company.

During this year the Washington, Alexandria & Mount Vernon Railway Company invested $200,000.00 in additional transportation facilities to accomodate the public in reaching Luna Park (putting on eight new trains) and IN ENLARGING THE OUTPUT OF ITS POWER HOUSE IN ORDER TO FURNISH LUNA PARK WITH LIGHT AND POWER. The Washington, Alexandria & Mount Vernon Railway Company furnishes Luna Park with electric current at a cost a fraction under one cent for one thousand kilowatts, under an agreement now in force; and it leases the site of the park to the Washington Luna Park Company at a rental of $2,500.00 a year. Such lease has nine years to run, and the Washington Luna Park Company has option to renew the lease for ten years at same rate.

All risks and dangers of construction have been passed; there is nothing prospective or uncertain about the venture, The park is in full operation; it has paid all expenses and made money, notwithstanding an unusually wet season; and the present manager has the ability to make it pay 40 to 60 per cent next season.

The undersigned has secured a ten day option on $60,000.00 of the capital stock of the Washington Luna Park Company, and he believes that he can dispose of it, at a reasonable profit, in small lots, for it is generally recognized that the day of the clean amusement park has come, that beer gardens and suburban resorts do not pay, but it is very profitable to operate a reputable amusement park where women and children are safe from insult and annoyance, and where all can find every kind of good, healthy, clean amusement, and to that end he offers to sell, at any price bid therefor, provided no bid is for less than $120.00 per share (par value $100.00), 600 shares of Washington Luna Park Company's stock, upon such terms as may be provided by Virginia Safe Deposit and Trust Corporation, Alexandria, Virginia, giving the preference to the highest and smallest bidders in making allotments.

The Washington Luna Park Company is in the hands of entirely competent and trustworthy men, experienced in the amusement park business and in handling financial affairs; and there is no apparent reason why an investment in the stock of this company will not pay well.

ANY INFORMATION DESIRED CAN BE SECURED by telephoning the undersigned at 5989y Main, or calling upon him at Columbian Building, Washington, 8 A. M. to 10 P. M., September 17th or 18th, 1906.

Designers, Builders & Operators of Parks & Park Amusements.
307 Fourth Avenue.
Pittsburg, Pa., Sept. 14th, 1906.

Mr. Holmes Jones, New York.

Dear Sir:—In reply to your inquiry regarding the cost and character of the work done by this company at Luna Park, Washington, we would state that the contract therefor was awarded to this company at the price of $175,000.00. Some slight changes and alterations were made in the plans, resulting in a slight allowance to the Washington Luna Park Company.

We have built parks at Pittsburg, Cleveland, Scranton and other cities, and are continually building amusement devices throughout this country, and nowhere is there a better built, safer or more substantial park than in Washington. Realizing that crowds must be expected our engineers have always been extra-cautious in figuring the strain, both direct and lateral, in all construction work; and we point with pride to the fact that devices we have built have carried millions of people, and they carry over a hundred thousand passengers every day during the season, and we have never had a casualty. Yours very truly,

FREDERICK INGERSOLL, President.

FREDERICK H. TREAT, President. | JOHN W. PITTOCK, Secretary and Treasurer. | GEO. E. GILL, Manager.

The Washington Luna Park Company.

Mr. Holmes Jones, New Willard Hotel, Washington, D. C.
Washington, D. C., September 12th, 1906.

Dear Sir:—Luna Park has been in operation sixteen weeks, ending September 16th, 1906, and during that time has experienced 29 rainy days in August, besides many in June and July, nevertheless the income to the date mentioned has been very gratifying. The Treasurer's office is in Philadelphia, and we have no record of gross receipts or disbursements here.

To aid you to arrive at a fair, yet conservative, estimate of the profits LUNA PARK will make during next season I would advise you that you will be safe in figuring current expenses at $3,500.00 a week (this week's expenses will be $3,300.00, approximately), and the income can safely be figured at $7,300.00 as the weekly average for a period of eighteen to twenty weeks a season. Yours truly,

GEO. E. GILL.

TERMS OF BIDS.

All bids must be delivered or mailed to either of the undersigned, on or before September 19th, 1906; the full name and address of the bidder must be given, the number of shares wanted, and a certified check (or postoffice money order) for ten per cent. of the amount of the bid (except the bid is for three shares or less, in which event the whole amount of the bid must accompany same).

All checks or money orders to be payable to Virginia Safe Deposit and Trust Corporation, Alexandria, Virginia, as Trustee; and deliveries of stock will be made at the office of such Trustee immediately after allotment, where full amount accompanies bid; and where only ten per cent. accompanies bid, balance is to be paid to the undersigned on five days' notice of allotment to be mailed the bidder, at his address, and delivery will then be made on date designated at the office of such Trustee.

Security to Stockholders.

Summarized:

OWNED Absolutely, Improvements in Luna Park,	$175,000.00
CONTRACT for light, power, &c., at actual cost of manufacture (about 1c per 1,000 kilowatts), plant W., A. & Mt. V. Ry. Co. enlarged therefor at cost of over	200,000.00
VALUE OF LAND held under lease for next nineteen years, on five per cent. basis ($2,500.00 a year),	55,000.00
Total Investment Made For Luna Park,	**$430,000.00**

All profits from above investment, through operation of Luna Park, after limited payments for light and rent, must be divided so that stockholders, having $175,000.00 of stock, will have more than twice the return were profits pro-rated on the whole investment; and that is why Luna Park stock is worth over $150.00 per share today.

MONDAY EVENING, SEPT. 17, 1906.

THE NEW YORK TRIBUNE which opposed the Panama "annexation" till it found out the part that Mr. Roosevelt played in the business and which then turned a complete somersault, says:

President Palma's message to the Cuban Congress is the utterance of a serious statesman, and is a correct presentation of the facts of this unhappy and disastrous conflict as the world knows them. It contains precisely the indictment of the rebels which has hitherto been set forth in these columns. That is, they refused to submit to the suffrages of the nation, they voluntarily and purposely abstained from participation in the general elections, and they then organized a wicked effort to win by violence and crime that which they could not or would not secure by lawful means. If that is not a true statement of the case, the world has been most surprisingly misinformed.

This is not a true statement of the case and the world has not been misinformed. The last election in Cuba was a farce, and the reason the "rebels" refused to take part in it was because they knew that Palma and his adherents, with United States officials behind them, would be counted in whether they were elected or not. If Mr. Roosevelt kept his soldiers out of Cuba Palma would be ousted in a giffy, as he should be.

THAT there is ample need for the vigorous prosecution of unprincipled drug manufacturers is believed to be shown by an investigation which has been in progress in New York by the Department of Health for the last eleven months. Last October Dr. Darlington became convinced that there were grave abuses to be remedied, and he set a force of chemists to works to make assays and analyses of samples of drugs collected all over the city. The result was astonishing. It was shown that of the ten thousand samples collected and tested there were fewer than 30 per cent. that came up to the standard of the pharmacopoeia, over 15 per cent. called for a warning to the manufacturer and more than 50 per cent invited prosecutions. In other words, more than half of the samples analyzed, which on the whole fairly represented the general character of drugs sold over the counters of drug stores in that city, were fraudulent. And what is worse, there is every reason to believe that a similar condition of affairs exists in most every city in the country. The pure drug law cannot be too soon nor too rigidly enforced.

CONGRESSMAN LITTLEFIELD, whom Mr. Gompers went to Maine to defeat, says Gompers helped him. Mr. McGillicuddy, the democratic opponent of Littlefield, concurs. He says he would have defeated Littlefield but for the intrusion of Mr. Gompers. This testimony bears hard on Mr. Gompers. The Littlefield district swarms with laboring men, but they own themselves. It will be regretted by many labor men, both democrats and republicans, that Mr. Gompers took his order into politics. It is known that his advocacy of Mr. Maynard, of the Norfolk district, came near defeating that candidate who believed he had a "walk over." It has been the boast of labor organizations that they kept out of politics and those which have adhered to this course have been the most successful in their aims. The majority of American voters do not like outside interference with their local affairs.

BALTIMORE last week celebrated its recovery from the great fire which destroyed its business section of the city two years and seven months ago. Baltimore's streets have been so widened and straightened that eight acres have been added to the public street area. In addition, it has established a new modern dock system having 12,000 feet of water frontage. The city has gained much beauty, as buildings have been restricted to 175 feet high, and builders have endeavored to harmonize all structures in the same block.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Sept. 17

In the opinion of officers of the navy who have been in close touch with Commander Colwell, commanding the Denver, at Havana, the bottom has already fallen out of the Cuban revolution. As one prominent officer of the navy expressed it this morning, "the Cubans have made a spectacular exhibition and shown they are entirely unfit for self government, but when they found how in earnest the United States is both sides became frightened and are now doing their utmost to come to an amicable agreement before the arrival of President Roosevelt's emissaries. Commander Colwell cabled the Navy Department this morning that the cruiser Dixie, with the marines aboard, sailed from Havana at an early hour this morning for Cienfuegos. The Navy Department was also informed that the cable between Cienfuegos and Bermuda was cut yesterday by insurgents, which leaves Cienfuegos entirely cut off from the rest of the world. Notwithstanding the feeling of optimism which prevails at the Navy Department that the revolution is practically over in Cuba, preparations to strengthen American naval forces in Cuban waters continue to be made. It is now a settled fact that the big battleships Louisiana, Rhode Island and Virginia, which are now on the North Atlantic coast, will go to Cuba unless peace is declared before they reach Key West. The vessels have been ordered south by direction of the President, who, so it is declared at the State Department, intends to show Cuba conclusively that unless they reach a peaceful agreement immediately the United States will exercise its right to intervene.

It is said from the dispatches that have been received by the Navy Department from Commander Colwell that he is being made the intermediary between the insurgents and the Cuban government. The agreement of the insurgents to discontinue fighting pending negotiations with Secretary Taft and Assistant Secretary Bacon was communicated through him. He has not, however, sent anything in confirmation of the rumors in the press dispatches to the effect that the insurgent leaders wanted to surrender to him or that any one of them wanted to come aboard his ship, the Denver, in order to escape to this country. These statement seem to be figments of the imagination of the Havana correspondents.

The only dispatch received today by the state department from U. S. Charged' Affaires Sleeper at Havana is one confirming the announcement of the issurance of a decree by President Palma for the suspension of military operation and that the insurgents have also agreed to quit fighting temporarily. He also says that conferences are expected to be held between representatives of the government and of the insurrectionists with hope of submitting some programme as a basis of peace to Secretary Taft on his arrival. It is evident that the sending of a peace commission from the United States was a surprise and that it has inspired a wholesome fear in the minds of the leaders on both sides that if they continue in their warfare it will lead to the armed intervention of the United States and that, once entered upon, would mean the establishment of a protectorate by this country and the consequent loss of the Cuban independence.

Unless peace and order are completely restored in Cuba within a very short time it is possible that President Roosevelt will abandon his contemplated trip to Panama. If he should deem it unwise to absent himself from the United States under the conditions it is possible that he may ask Secretary Root, who is now on his way to Panama, from Peru, to make a more extended stay on the isthmus than he has contemplated so as to be able to make a full report to him. Otherwise Secretary Taft will probably make his annual trip to the canal zone alone.

The State Department has received a note of inquiry from the British Embassy asking whether in the event of intervention in Cuba the United States will accord the same degree of protection to British interests as to American. It will be answered in the affirmative.

Politics will predominate in the deliberations of the fall meeting of the executive council of the American Federation of Labor which began here today. The council is in charge of the campaign which the federation is waging against Representatives in Congress who are alleged to be hostile or indifferent to organized labor. President Gompers will acquaint the members with the details of the Littlefield fight in Maine and then there will be a discussion of the best methods of attacking Representative Sherman, of New York, chairman of the republican congressional committee; Speaker Cannon, Floor Leader Payne, of New York, and other proscribed republican candidates.

The Groff brothers are again free men, having been released from the Moundsville, W. Va., penitentiary yesterday. The two men did not leave together and the prison authorities say that bitter enmity exists between them. Samuel Groff immediately left for this city, while Diller left with his son for Thousand Islands, New York, where he will spend some time before returning to Washington.

Ex-Queen Liliuokalani, of Hawaii, has at last declared allegiance to the American flag. The Pacific Commerical Advertiser, of Honolulu, has just publish an interview with her, in which she tells of her change in heart in regard to the government of the United States, within the last ten years. "The Hawaiians of the island of Hawaii", said she, "are faithful to me without weaking the allegiance they and Ihave for the flag that has taken us all under its protection. We are satisfied that the country and people will be properly cared for by the officers of the government whose keynote is liberty and eduality." She has much correspondence with representatives in Washington, and firmly believes that the United States government in due time will accord her a handsome reparation for abandoning the throne.

Fire this morning damaged the grocery store of Louis Wolfman, 201 M street, southwest, to the extent of $1,000. Ellis Stearman, his wife and five children, who occupied rooms on the second floor, were cut off by the flames and were rescued from a rear window.

CUBAN AFFAIRS.

The Cuban revolution is declared practically over, so far as the government can answer for it. Palma is making strenuous efforts to restore peace to obviate the need for American intervention. All campaign operations against the insurgents have been ordered suspended and the government forces are to act only on the defensive. Prominent liberals under arrest for complicity in the insurrection are to be released as soon as possible. A commission has left Havana, to circulate the peace news. Secretary Taft, and his party have left Washington for the South and expect to reach Havana by Wednesday, Brigadier General Funston, who is expected to play an important part in either the pacification or intervention movement, will arrive in Cuba later. Preparations for assembling the fleet in Cuban waters continues, and 5,000 men can be landed, if necessary, within four days. Marines from New England and other points are arriving at Norfolk to be sent southward. The battleships Virginia, Louisiana and New Jersey are sailing southward. By the latter part of this week the navy will be prepared to land 4,000 men in Cuba, if needed.

A mutiny occurred today on the Turkish troops ship Assyr, which is now stationed at Port Said, Egypt. Several were killed and a number wounded before the mutiny was quelled. Order has now been restored on the vessel.

News of the Day.

Daniel D. Keim, of Asbury Park, broke his engagement to marry Elizabeth L. Bryan because she placed some wine in a glass of milk she gave him.

Born without a bone in his body and absolutely helpless, Antonio Congro, of Brooklyn, lived for 21 years, and died on Friday and was buried yesterday.

Congressman Nicholas Longworth representing the First Ohio district was renominated for a third term Saturday by the republicans of Hamilton county.

A collision of two street cars at Turk and Devisadero streets, San Francisco, Cala., early yesterday afternoon, scraped off all the men hanging to one side of the river and resulted in the death of two and the injury of a score of others.

Jeane Legute, a servant who was to have been married in Paris Saturday evening, but whose sweetheart broke off the match at the last moment, made three desperate attempts to commit suicide Saturday, and ultimately went raving mad.

James B. Brady's $45,000 colt, Accountant, at 6 to 5, won the $25,000 gross annual championship stakes, two miles and a quarter, at Sheepshead Bay Saturday, H. P. Whitney's Ironsides was second with Bedouin third. The time was 3:56 2-5.

The Union News Leader, an afternoon daily newspaper, of Cumberland, Md., founded early in the year, suspended publication Saturday. The paper was the outcome of the printers' strike and for a time seemed to flourish, but it soon lost patronage and had to go under.

Former United States Senator James Smith, jr., has made formal announcement of his retirement from the position in a letter to Wm. B. Curley, tendering his resignation as chairman of the executive committee and member at large of the Jersey York State democratic committee.

Thomas W. Alexander, head of the largest cotton firm in Augusta, Ga., who two months ago disappeared after having defaulted for a sum approximately $200,000, has been arrested by a private detective agency in Pittsburg, Pa., and has agreed to go back to Augusta without requisition papers.

Gen. Dmitri Feodorovich Trepoff, commandant of the imperial palace and the Czar's trusted adviser and protector, died at 6 o'clock Saturday evening in his villa at Peterhof of anginia pectoris, aged 51 years. He had survived eight attempts upon his life. Gen. de Dioulin, former perfect of St. Petersburg, will succeed General Trepoff as commandant of the imperial palace.

On the Gettysburg battlefield Saturday the survivors of Gen. Pickett's division of the Confederate army met in fraternal reunion the survivors of the Philadelphia brigade which was composed of four regiments of Pennsylvania volunteers. A feature of the gathering was the presentation of Gen. Armistead's sword to the men of the South. Gen. Armistead fell during the charge and his sword has since been in possession of the Philadelphia soldiers.

Annie Alford, the 13-year-old daughter of T. J. Alford, a lumber dealer of Sandersville, Ga., was accidently killed Friday night while Deputy Sheriff Heath and an escaped negro convict were engaged in a pistol duel. The tragedy occurred in the commons where a "Wild West" show was having an exhibition, the child being inside of the tent. The bullet crashed through her skull and killed her almost instantly. Neither the officer nor the negro was hurt. The negro escaped.

The hundred or more passengers and seamen of the steamer Oregon, which ran on the rocks at Hinchinbrook Island, Alaska, Thursday night, took to lifeboats the morning after the steamship struck and were picked up several hours later by the lighthouse tender Columbine, which was surveying those waters for the light-house on Hinchinbrook. The captain of the Oregon maintained good discipline and threatened to shoot men who were attempting to get off in a life-boat, after which his orders were obeyed without question, and all got off without accident.

Accidents at Races.

The annual gymkhana races of the Blue Ridge Hunt Club, of Millwood, Clarke county, which were held in the grove near Carter Hall, Saturday, were marred by a series of accidents, as a result of which at least six men and young Kenneth Clapp, son of C. C. Clapp, of the Crucible Steel Company, of Pittsburg, were severely injured. A horse ridden by Clapp in the flat race for gentleman riders became unmanageable and swerved out of the course. Clapp was thrown, sustaining a broken shoulder. The runaway horse swept through the grounds and collided with a carriage near which a group of men were standing. The animal dashed into the group, and seven were hurled to the ground unconscious. The most seriously injured are R. Powell Page, Thomas and George Burwell, and Mr. Welkin, who were knocked down and trampled by the horse. A deep gash was cut in Mr. Page's forehead. Mr. Welkin had a leg broken, the Burwells were severely cut and bruised, and all were rendered unconscious. Just before the accident, a jumping horse owned by Mrs. Dorothy Henry Henderson was leading the steeplechase, with Mr. Carr up, when he became frightened and stopped stock still at the last jump. The rider was thrown over the horse's head and sustained serious injuries. The horse dashed away at a gallop and was afterward caught in a field half a mile from the scene. It is believed all the injured will recover.

Admit Lord Fairfax.

The most interesting item in yesterday's Stock Exchange weekly bulletin is the announcement among the changes in firms: "William P. Boabright & Co., Right Hon. Albert Lord Fairfax, admitted." Lord Fairfax is well known in this city, having been a clerk in the banking house of Brown Bros. & Co. at the time of the death of his father, Dr. John C. Fairfax, the eleventh Baron Fairfax, in 1900. Neither Dr. Fairfax nor his brother, the tenth baron, both of whom passed their lives in the United States, ever assumed the title which belonged to him; but Albert Kirby Fairfax, about a year after the death of his father, presented his formal claim to the Fairfax barony, and was not long afterward confirmed in the enjoyment of the title. For several years he has been living in London, where he has been a member of a firm of bankers.—[New York Tribune.

Virginia News.

W. W. Stiff, a merchant of Westmoreland county, died Saturday at his home at Oak Grove, after a long illness, aged seventy-four years.

Miss Ella Garrison, daughter of Mr. Nathaniel Garrison, died yesterday at her home, in Fredericksburg, of typhoid fever, aged 26 years.

Nelson Burress, a prosperous farmer residing near Thornsburg, Spottsylvania county, died at his home Saturday night of typhoid fever, aged 35 years.

Mr. W. J. Bryan spent yesterday at Hollins' Institute, Roanoke, with his daughter, who has entered that institution. He left for North Carolina.

The republicans of the Seventh congressional district, who met in Luray, Saturday, nominated Dr. Fred E. Beecher, of Albemarle county, for Congress in opposition to Congressman Hay.

A severe northeast storm swept the Virginia coast last night, and there are fears that shipping has suffered at Cape Henry. The sea was high and the wind reached a velocity of thirty-eight miles an hour.

Mr. William Jennings Bryan in a statement issued at Roanoke, said that the United States should not interfere in Cuba, but that he would be pleased if the warring factions would accept this government's mediation.

For the third time an electric train, bound from Ocean View to Norfolk, was fired on from ambush Saturday night, and the traction company has increased the reward of $150, offered when the first car was fired into last Tuesday night, to $500.

James H. Gilmore, a former member of the faculty of the law school of the University of Virginia, died Saturday at Arrowhead, Albemarle county, the home of his son-in-law, Samuel B. Woods, in his seventy-eight year.

The $50,000 Manassas municipal water, street and light bonds advertised for sale Saturday were not disposed of. The bonds bear 4 per cent. interest, and it is now thought that the rate of interest will have to be increased to make the bonds saleable.

The oyster navies of Maryland and Virginia will co-operate throughout the season, and besides keeping the dredges off the natural rock will enforce the law requiring the bay oysters to be returned to the water wherever taken, and this, it is believed, will repair the damage that has been done.

Rev. Beverly Tucker, coadjutor bishop-elect of the diocese of Southern Virginia, will be consecrated Wednesday, October 3. The consecration ceremonies will take place at St. Paul's Episcopal Church, Norfolk, of which Dr. Tucker has been rector for a quarter of a century. There will be in attendance ten bishops from neighboring dioceses and between forty and fifty clergymen.

The large barn belonging to Brooke Chamblin, near Bloomfield, Loudoun county, and all the surrounding outbuildings were destroyed late Friday night by fire resulting from spontaneous combustion. The contents, consisting of 40 tons of hay, the entire wheat crop, many tons of fertilizer and farming implements, were consumed. The estimated loss is $3,000 and the insurance $950.

With the departure of the cruiser Cleveland from the Norfolk navy yard yesterday afternoon the story of mutinous conduct on the part of a number of her crew became public. It is reliably reported that while the cruiser was making hasty preparations to leave the yard Friday night a number of the crew objected to discipline of a master-at-arms and gave him an unmerciful beating. The condition of the man was such that he was not expected to live.

Captain E. W. Bowles, First Lieutenant E. F. Hazen, Second Lieutenant T. I. Mahony, of Company A, and Captain R. Page Burwell, First Lieutenant T. G. Correll and Second Lieutenant David Leary of Company B, Richmond Light Infantry Blues, have tendered their resignation as members of the company. There have been rumors afloat for some months that harmony did not exist between Major Cheatwood and Lieutenant Hobson, his adjutant, on one side, and the line officers and men of the battalion on the other, and these resignations are said to be the outcome of the trouble.

Miss Jeanie Shields Herrell, daughter of Capt. and Mrs. James E. Herrell, became the bride of Walter Fullerton Bowen, of Brookland, D. C., at Trinity Episcopal Church Manassas, Saturday evening. Michael Stephen, of Baltimore, was the best man, and Miss Elizabeth Herrell, sister of the bride, was maid of honor. The ushers were H. K. Laws, George Purcell, and Robert E. Herrell, of Manassas; and Clarence M. Faithful, of Missouri. The bridesmaids were Misses P. Estelle Holden, of Fairfax; Anna Taylor, of Westmoreland; Carrie Makely, of Alexandria, and Leoah Taylor, of Manassas. Upon their return from their bridal trip the bride and groom will reside a time, at least, at the bridegroom's country home at Brentsville.

Letter to Jas. M. Monroe.

Alexandria, Virginia.

Dear Sir: We shall feel obliged if you write us how you came out on your first few jobs Devoe, as to gallons expected and used.

Take Job A. You made your price, expecting to use 25 gallons Devoe, and used 15. Job B. You expected to use 15 and used 10. And tell us what paint you had used before. Of course, you judge Devoe by what you have used before.

Here's how a few came out.

M A Thomas, painter, Lynchburg, Va, writes: My first job with Devoe, I estimated 37 gallons; it took 25. Since then I have used nothing else.

C B Edwards, Raleigh, N. C, had used 30 gallons paste paint on his house, and bought 30 gallons Devoe; A E Glenn, his painter, said it wouldn't be enough. Had 16 gallons left.

Mayor W W Carroll, Monticello, Florida, writes: Painter estimated 35 gallons for my house; took 20 gallons Devoe.

Gilmore & Davis Co, contractors and painters, Tallahassee, Florida, say 2 gallons Devoe spreads as far as 3 of any other paint they know, and covers better.

S A Bullard, painter, Sanford, Florida, estimated 50 gallons for Odd Fellows' and Masonic Halls; they took 25 Devoe.

Jones & Rogers, Merkel, Texas, estimated 10 gallons Devoe for Mr Pratt's house and bought 5 gallons for first coat; it painted two coats.

Erb-Springall Co, San Antonio, Texas, painted two houses same size for D J Woodwood, one lead-and-oil, the other Devoe. cost $12 less for paint and labor.

Tom Massey's painter, Walnut Springs, Texas, estimated for his house 10 gallons Devoe; he had 4 left.

You see how it goes. Even the best painters can't guess little enough at first.

Yours truly,

F W DEVOE & CO

Today's Telegraphic News

The Cuban Crisis.

Havana, Sept. 17.—According to a widely-circulated report today, President Palma will within a few days issue a call for a special election as to the easiest solution of the present Cuban crisis. While the rumor is denied by General Freyre Andre, one of President Palma's closest advisers, there is reason to believe that this action will be taken by the Palma administration rather than permit intervention by the United States. The rebels say that such an act will instantly quell the insurrection.

To avoid having some of the scandals of the administration aired, Palma, it is believed, will consent to make peace with the insurgents on almost any terms.

The rebels say a settlement can be arranged on the basis of a new election, but in no other way. Persons in a position to know a good deal of the inner workings of the government, therefore, are confident that the new election will be called soon.

President Palma's proclamation of a cessation of hostilities yesterday is regarded as the first step by the government toward coming to an understanding with his enemies. Emissaries are now on their way to the various insurgent camps to carry the news of this proclamation and, if possible, enter into negotiations with the rebel leaders for the conclusion of peace.

It is expected that in response to invitations from government authorities a conference with the insurgent chiefs and liberal leaders will be arranged shortly to discuss peace proposals.

Whatever the eventual outcome of the revolution, it is believed the United States intervention will result in one good. Cuba's constitution has been proved by the few years of its test to be unwieldly in several particulars. It is believed Secretary Taft will insist that in the final settlement of the dispute provision shall be made for the amendment of the constitution wherever it has been found faulty.

Conditions in Russia.

St Petersburg, Sept. 17.—A general exodus of Russian grand dukes from this city has set in, following the death on Saturday night of General Trepoff, who had been the virtual dictator of Russia for months, owing to the fear which exists generally, that fresh troubles are now bound to occur.

Other reactionaries are expected to follow the example set by the grand dukes, and European capitals will probably be flooded soon with Russian exiles.

Now that Trepoff is gone, it is feared terrorists will renew their activity and revolutionists will lend fresh zeal to their propaganda.

Terrorists are openly claiming today that they caused Trepoff's death.

Warsaw, Poland, Sept. 17.—The first echo of the death in St. Petersburg on Saturday night of General Trepoff was heard here today in an attempt to assassinate General Dorszewski, president of the court-martial board, before which terrorists have been tried. Dorszewski was dangerously, if not fatally, wounded. In the attempt on Dorszewski, the terrorists were only carrying out a threat that they would kill any officer who dared to serve on one of the military courts which had condemned a terrorist. The attack on Dorszewski occurred at 11 o'clock this morning while he was driving through Alexander Square in his carriage. An unknown man fired at him, the bullet going true. The would-be assassin make his escape.

New York Politics.

New York, Sept. 17.—Exhaustive inquiry made by Publishers Press representatives indicates that as things stand today Hearst's chances of securing the endorsement of the democratic convention at Buffalo have greatly improved. Even some of his strongest opponents admit that the opposition is disorganized and that the situation from their point of view is desperate.

New York politicians say that Hearst will control delegates from nearly twenty up-state counties, and that if he can get either New York or Kings he will be master of the situation.

Murphy, the Tammany leader, is openly for Hearst. This is despite the fact that the New York World yesterday reprinted a page of old cartoons from the Journal showing Murphy in stripes and a Journal editorial in which Arthur Brisbane in his best style enquired, "Mr. Murphy, why are you not in Sing Sing?"

Outsiders, especially Wall street and sporting men, have begun to take an acute interest in the situation. Political weather, as they see it, is mighty squally and it is getting time for storm signals. They think old line democrats underestimate Hearst, and that the Buffalo convention is likely to be the most surprising and sensational in the history of the empire State.

Shot by an Engineer.

Philadelphia, Sept. 17.—Albert P. Knight, a Texan, and chief engineer of the steamer Frontenac, was held without bail by Magistrate Hughes, this morning, to await the result of the injuries which he inflicted upon James Hunter, who was the first officer on the steamer. Knight shot Hunter on Saturday, putting two bullets into his body. Hunter is now in St. Agnes' Hospital in a critical condition. The shooting took place on board the boat when Hunter ordered the pumps started for the purpose of washing down the decks, preparatory to clearing for Havana, Cuba.

Earthquake Shock.

San Francisco, Sept. 17.—The lumber laden ship Robert Searts has arrived from Tacome and northern ports. During the trip the officers of the vessel recorded a severe earthquake shock which caused a panic among the crew. As near as could be determined, the shock was experience in latitude 41 degrees, 18 minutes north, longitude 125:52 west. So severe was the disturbance that the cargo and upper works of the vessel were shaken. The captain and second officer recorded the length of the shock as 22 minutes.

Baker Claggett, one of the best-known farmers in northern Frederick county, died Saturday at the home of his daughter, Mrs. Joseph R. Wright, near Rest, aged seventy years.

Rescue of a Merchant.

A prominent merchant of Shongo, N. Y., J. A. Johnson, says: "Several years ago I contracted a cough which grew worse, until I was hardly able to move around. I coughed constantly and nothing relieved my terrible suffering until I tried Dr. King's New Discovery. Before I had taken half a bottle my cough was much better, and in a short time I was entirely cured. I surely believe it saved my life. It will always be my family remedy for colds." Fully guaranteed; 50c and $1.00 at E. S. Leadbeater & Sons' drug store. Trial bottle free.

Separation of Church and State

Paris Sept. 17.—The issue raised by the law for the separation of church and state is being considered today by a general convention of French Free Masons which is in secret session here. Whether the official sanction of the Free Masons shall be given to the radicals or socialists on the separation issue is the principal question being considered. The convention will also determined the political lines to be followed by the organization during the coming year.

Killed by an Explosion.

Havana, Sept. 17.—A violent explosion occurred this morning and wrecked two buildings. Six persons were killed and many were wounded. No details of the cause of the explosion are yet at hand. An investigation is being made. The explosion is thought to be the work of incendiaries. The building at once caught fire. Dead and wounded are still being taken from the wreckage. The buildings were insured.

Looking for Stolen Relics.

Rome, Sept. 17.—Word has been sent to the police of all the important cities of the United States and Europe asking that a watch be kept to see if valuable art relics stolen from the gardens of the Vatican papal villa are offered for sale. The heads of five valuable statues in the garden of the villa where the late Pope Leo XIII, was accustomed to spend his summers, have been stolen.

Cloudburst in Nebraska.

Jackson, Neb., Sept. 17.—A cloudburst in the northwestern part of Dakota county, and the eastern part of Dixon county, Sunday caused floods that rushed the valley of Elk Creek, causing damage estimated at $100,000. The Omaha and Great Northern Roads both lost considerable trackage.

New York Stock Market.

New York, Sept. 17.—The market all through the first hour was strong and many stocks made sharp advances.

Expelled from Union.

About sixty men employed in the government printing office in Washington have been expelled from membership in Columbia Typographical Union. This action was taken at a largely attended and animated meeting of the union held yesterday afternoon.

It is said that the action of the union, which was almost unanimous, was occasioned by the failure of the men to pay either their union dues or the assessment of 10 per cent of their salaries for the maintenance of the fund to support the eight-hour movement which was inaugurated by the international typographical union some time since, and which has met with much opposition in some quarters. Mr. Parsons made it clear that the action of the delinquents was caused primarily by the attitude of Public Printer C. A. Stillings, in informing the employees of the office that they did not have to pay dues to any labor organization, and that they would not be required to belong to any organization in order to hold their positions. This, they say, is along the line of President Roosevelt's decision in the Miller case, which created a considerable stir in the printery some time ago. Some of them expelled from the union yesterday refused point-blank to pay announcing their intention of not supporting the union, while others remained passive and allowed the matter to go by default. In defense of their action, some of the men said the fight for the hour-hour day throughout the country did not interest them, and they could not see their way clear to give up 10 per cent of their salaries to support a lot of strikers.

As long as Mr. Stillings remains as public printer, those expelled from the union will feel no uneasiness about their jobs, as he has declared the big printery to be an open shop. Officers of the labor union say there will be no strike on account of the expelled members continuing at work alongside men holding union cards.

Houses Destroyed by Cave In.

The town of Plymouth, three miles south of Wilkesbarre, Pa., suffered from a disastrous mine cavein early yesterday morning. The cavein occurred over the workings of No. 12 mine of the Plymouth Coal Company. Forty acres, covering nearly all the streets of the eastern end of town, are affected. One hundred houses were wrecked, and the owners will be unable to occupy them until repairs are made. The water pipes and sewers in the streets were broken, sidewalks sunk, and trees were uprooted. Great fissures in the earth's surface extead the whole length of the streets. When the crash came many people were thrown out of their beds, and all thought a severe earthquake had occurred. Twelve mules were caught back of the cave-in in the mine and seven of them perished. Many people would not sleep in their houses last night, fearing another cave in.

A Narrow Escape.

Fannie Day, a shop girl who was one of a party of eight persons in a naptha launch which was capsized in the lower bay of New York early Saturday, had a most remarkable escape from drowning. Three of her companions were swept to the bottom when the launch, with disabled engines, was run into by the mud scow Olympia. Miss Day had gone down with the others, and when nothing was seen of her for hours afterward it was reported she had met death. But when the mud scow had been towed nearly to its destination and the deck hands were adjusting the dumping apparatus at the bottom they were startled to find a handsomely dressed young woman in one of the pockets. She had been literally scooped out of the water by the dumping machinery which had been left open after the scow had discharged its last load at sea.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our little life things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodal For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 King street.

NOTICE.—The members of SAMARIAN REBEKAH LODGE No. 27, I.O. O. F., are requested to attend a regular meeting on Wednesday Sept. 19th. Business of importance. Miss SADIE WATKINS, N. G.

TELEGRAPHIC BREVITIES

Two men were killed and one badly injured by the blowing out of a cylinder head at the steel department of the United States Steel Corporation at McKeesport, Pa., yesterday.

Rear Admiral Sir Edward Chichester died at Gibralter today of pneumonia. Rear Admiral Chichester commanded the British fleet in Manila Bay at the time of Admiral Dewey's attack on the Spanish fleet.

Taken at their face value the latest actions of the police indicate that Superintendent Taylor and his men are no nearer knowing who killed Mrs. Maurice K. Lewis and then thrust her body into a closet in Philadelphia than they were one week ago today, when the mysterious crime was committed.

Thomas Madine, the star witness in the famous Hartje divorce case, is alleged to have been held up and assaulted by a man in Pittsburg and his pockets rifled.

Mr. Bryan arrived at Raleigh, N. C., today during a rain storm and was compelled to speak in a hall. He raised no new points in his speech.

Alexandria County Schools.

The Alexandria County Schools opened this morning with a full attendance. It was thought that one additional school would be opened on or near Fort Myer Heights, but the trustees of that district, Arlington, have not been able so far to decide upon a house that in their opinion was suitable for a school room. The trustees will hold another meeting this evening to see if it is possible to come to a decision. At the meeting the question of paying part of the salary of the drawing teacher for the whole county will come up. State Superintendent of Public Instruction J. D. Eggleston and County Superintendent James E. Clements endose the employment of a drawing teacher. There will be a mass meeting of citizens of Alexandria county at the Ballston school house at 7:30 o'clock tonight to consider the election that will be held in that district tomorrow. An additional school levy, amounting to $1500, is asked by the school board of Arlington District, to assist in the construction of the proposed new school house in or near Fort Myer Heights. It is thought that the additional levy will be agreed to, and carried tomorrow at the polls.

Killed in Duel.

T. R. Purdue, a traveling painter, of Kansas City, Mo., is dead, and Chief of Police Jack Flannery, of Helena, Mont., a well-known baseball player, is suffering from a bullet wound in his right leg as a result of a duel in the Great Northern yards in Helena yesterday. During the afternoon the police were notified that beggars were becoming very abusive to West Side residents, and sent an officer to make a personal investigation. He came upon five men in the railroad yards and started to search them when Purdue is alleged to have opened fire. Flannery returned the fire, and both emptied their revolvers. Four of Flannery's bullets were effective and Purdue died immediately. Two of Prudue's associates were captured and two others escaped. The men captured assert that Flannery fired first but Flannery declares that he was struck before he had time to draw his gun, being engaged in searching another member of the party.

Weather Probabilities.

For this section rain tonight and Tuesday; brisk northeast to north winds.

Colored Man Killed.

Frank Exum, colored, forty years of age, of Anacostia, D. C., was run over by the electric train which left this city at 7:15 Saturday night on 14th street near B northwest, Washington, and instantly killed. Several witnesses of the accident say that Exum was struck in the face a few moments before by a young white man, said to be Thomas Ennis, of this city, and all seemed to think that the colored man was dazed by the blow and that this had some bearing on the fatality. The colored man's assailant jumped from the train immediately after delivering the blow, and, although he was heavily thrown, he quickly regained his feet and disappeared among the trees of the mall.

Just where Exum boarded the train in not known, although it is supposed he got on at the north end of the Highway bridge He was standing on the front platform of the trailer. The white man, who was apparently intoxicated at that time, occupied a position on the lower step just in front of Exum, and it is alleged that the former seemed determined upon resenting some real or fancied affront. He was heard to address Exum in a threatening manner, and immediately thereafter he struck the colored man a terrific blow in the face. The assailant then swung to the ground, falling heavily on the pavement and rolling over and over. Another man, who was said to be his traveling companion, followed him from the train and they ran away together.

Whether the blow so dazed Exum that he was unable to direct his movement or whether he leaped to the ground with the intention of pursuing his assailant probably never will be known. He fell forward and immediately under the wheels and his body was terribly mangled.

Responding to an emergency signal the motorman set the brakes, but Exum was dragged a considerable distance, and when the train was finally stopped his head was under the front trucks. At the time of the occurrence the train was traveling at the rate of ten or twelve miles an hour.

A card found in the pocket of the dead man after he had been placed in the morgue indicated that he had been a patient at the Emergency Hospital about a year ago, and that he had been a sufferer from locomotor ataxia.

The train, which was crowded, was in charge of Motorman Henry V. Kelly, Conductor Stephen Sorrell and Trolleyman Kincheloe. A loaded revolver supposed to have been the property of the colored man, was found under his body after the train had been brought to a standstill.

Ennis was arrested at a late hour Saturday night. He was taken into custody by Officer Nicholson and Knight as he was returning to Alexandria on the electric train which left Washington at 11 o'clock He was subsequently turned over to Detectives Grant and Trumbo who conducted him to Washington.

Ennis declared he did not remember to have had any trouble with any one during the evening. He was until two weeks ago employed as a brakeman on the R, F. and P. railroad, but resigned to become a fireman on the Southern road.

Coroner Nevitt of Washington held an inquest this morning to investigate the circumstances in connection with the death of Exum, and after hearing the evidence decided that it was a case of accident and released Ennis.

Death of Dr. Page.

Brigadier General Charles Page, U. S. A., retired, died last Friday at his home, in Baltimore. General Page served 42 years in the medical department of the United States army, his early service having been upon the plains with expeditions against the Indians. He also served throughout the civil war. After the close of that struggle, on March 18, 1865, he was breveted lieutenant colonel "for faithful and meritorious services during the civil war." He was born in Alexandria, December 4, 1829, the son of Washington Craig Page and Elizabeth Ann Clagett. He is survived by two sons, Messrs. Washington E. Page and Allen C. Page and one daughter Mrs. Bennett Norris. The funeral took place today from Ascension Church. Services were conducted by Rev. W. P. Dame, assisted by Rev. Robert S. Coupland. Interment was in Loudon Park Cemetery.

Visit of Italian Cruiser.

Italy is paying Uncle Sam a visit. Rear Admiral Roberto Cali, commanding the Italian ocean division, on his flagship, the cruiser Fieremosa, passed by this city about four o'clock yesterday afternoon and is now lying off the Washington arsenal grounds As soon as the ship dropped anchor, Lieut. Commander Patton, of the navy yard, boarded her and extended to Admiral Cali the courtesy of the port, and asked if there was anything that the local navy yard might do to provide for the comfort of the ship's officers and crew. Shortly after 8 o'clock this morning the Fieremosa fired a salute which was returned by guns at the arsenal. Some time during the day Commandant Leutze will visit Admiral Cali, who will probably return the call a short time after.

Another Suspect Arrested.

Sheriff Wm. T. Palmer and Deputy Sheriff Howard Fields, of Alexandria county, accompanied by Deputy Sheriff Vincent, of Prince Georges county, Md., went to the plant of the Laurel Clay and Produce Company, near Contee, Prince George county, Saturday and arrested John H. Gaskins, colored, who is believed to have been implicated in the assault upon Miss Mabel Risley, of northwest Washington, and Morris Gooding, near Luna Park last Sunday night. Gaskins is now in the Alexandria county jail. Miss Risley will probably go to the jail today to see if the man answers the description of her assailant.

A white man named John Moore, living near the Potomac railroad yards in the county, was found sick at his home last Saturday and removed to the Alexandria Hospital.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Isaac Edney, colored, arrested by Officer Garvey for disorderly conduct, was dismissed.

Robert Smith, colored, arrested by Officers Young and Nicholson charged with assault and cutting Sarah Lockett with a knife, was fined $10.

Edward Elsey, colored, arrested by Officers Garvey and Bell charged with disorderly conduct and fighting, was fined $5.

Wm. Lewis, colored, arrested by Special Officer Mullen as a suspicious character, was dismissed.

James Bell, colored, arrested by Officers Ferguson and Arrington charged with disorderly conduct and discharging a pistol in the street, was fined $5.

Henry Anderson, colored, arrested by Officer Young charged with using abusive language toward Charles Washington, was dismissed.

Eva Staton, colored, arrested by Officer Henderson charged with using abusive language toward Hattie Williams, was dismissed.

Biard Jett, colored, arrested by Officer Roberts charged with drunken and disorderly conduct, forfeited $5 collateral by failing to appear.

Bertie Jackson, colored, arrested by Officers Ferguson and Arrington charged with disorderly conduct, was fined $5.

Luna Park This Week.

In addition to the free concerts of the "Greater Washington Band," there will be two free out-door offerings this week at Luna Park. Master Harry Rector on the chutes incline and Madame Zingerella on the spiral tower. When Rector arrives at the abrupt terminal at the water's edge at the lagoon he will make a head long dive into the water. He will have no supports other than the slender handle bars of his unicycle. The act will take place each afternoon and evening throughout the week. Madame Zingarella, the little toe balancer, who performs marvelous feats on the 72-foot spiral tower, will remain at Luna Park another week. Mr. John Bovello and his new "Greater Washington Band," which has now been incorporated under the management of Mr. George E. Gill and Mr. Robert E Long, of Luna Park, will remain throughout the balance of the season in the gigantic musical shell.

Circuit Court for the City.

[Judge C. E. Nicol presiding.]

Continuance of Saturday's proceedings—J. P. Agnew & Co. vs. Jackson-Phillips Brick Co.; decree adhering to former decision and for sale of property and appointing J. K. M. Norton, J. R. Caton, F. L. Smith and M. Hufty, special commissioners of sale.

F. J. Davidson vs Mt. Vernon Fire Insurance Co.; final decree.

Mary Hansborough vs. Southern Railway Co.; motion to set aside verdict and for a new trial overruled and order entered for judgment and leave granted to take an appeal within sixty days. The appeal will be taken.

Court adjourned for the term.

The Carlyle House "Mummy."

People from other places continue to visit the Carlyle House for the purpose of examining what some still suppose is the head of a human being. It is said that a small percentage of Alexandrians reject the plaster-of-paris theory and are firmly convinced that the cast exposed to view at one time formed part of a man. About 30 persons from Fairfax county and vicinity arrived at the Braddock House at 10 o'clock last night, after Caretaker Simpson had retired, and prevailed upon him to rise and accompany them through the "catacombs." They were conducted to the cellar of the Carlyle House where they gazed upon what they supposed was the head of one of the forefathers of the hamlet.

Crowd Disappointed.

Quite a large gathering had assembled on Mount Vernon Avenue yesterday afternoon to witness friendly brushes among some of the local fast harness horses. But the crowd was disappointed and the sport prevented by the interference of the sheriff with threats to arrest anyone who indulges in fast driving along that avenue. It is hoped by advocates of the sport that the old race track may be temporarily procured and put in fair condition as a sort of speedway on which each owner of a fleet horse may test his speed capacity.

Forfeited His Collateral.

A Washington negro, who gave his name as Baird Jett, came here yesterday and soon became drunk. He was making an exhibition of himself when Officer Roberts took him in charge. Upon reaching the station house he left $5 for his appearance before the Police Court this morning. He could not be found, however, when his name was called, and forfeited his collateral.

A Lost Cat.

A cat belonging to Mr. T. W. Robinson disappeared from the store room at the corner of King and Lee streets over a year ago. On Friday last the cat was found in the third story of the adjoining store where it is supposed to have been during all that time. No food had been given the cat, but the premises abound with mice, but how it obtained water is a mystery.

The Schools.

The public schools resumed their sessions this morning, after a long recess, with a good attendance, and everything was found in readiness in the several buildings when the pupils arrived. All the teachers were in their places and a successful year is expected.

A meeting of the congregation of the Second Presbyterian Church will be held after the service on Sunday morning, October 7, for the purpose of taking steps toward calling a pastor.

When two strong men come to blows, even if they are well matched, it is not a pleasing sight, but if the man who gets the worst of it will use DeWitt's Witch Hazel Salve, he will look better and feel better in short order. Be sure you get DeWitt's. Good for everything a salve is used for, including piles. Sold by W. F. Creighton Co., 401 King street.

Mr. George J. West has gone to Rawley Springs to spend a week.

Miss Margaret West has gone to Grafton, W. Va., for two weeks.

Mr. Joseph F. Warder, of this city and Mr. Robert Downing, of Fairfax county left this morning for Pennington, N. J., for the purpose of entering the seminary at that place.

Miss Fanny Dixon has returned from Mount Jackson

Mrs. Shaddock and Miss Louise Armstrong have returned from Silcott Springs.

Mrs. C. H. Smithers, of Alexandria, who has been spending a month with her friend, Mrs. W. A. Lankford, on Ridge street, returned Saturday to her home.—[Charlottesville Peagress.

Mr. Chas. L. Thompson has gone to Bethlehem, Pa., where he will be associated with the Bethlehem Steel Company.

Mr. Harvey Crump and Miss Ethel Gremeny, both of this city, will be married in Washington this evening. They will leave tonight on the Norfolk steamer on a wedding trip.

Mr. E B. Kemp, now of Artesia, New Mexico, is in the city on a visit to his old home.

Mrs. William Wattles and children have returned from Berryville, where they spent most of the summer.

Mrs. Benoni Wheat, formerly of this city but now of Washington, has been the guest of Mrs. A. Moore, jr., in Berryville, the last week.

LOCAL BREVITIES.

The electric railway company is placing iron poles in place of wood at certain points on King street.

The weather is still cold and threatening. The wind has been from the northeast during the past few days.

The schooner John P. Robinson, loaded with lumber by H. K. Field & Co., has sailed for the lower river.

The Virginia police steamer Rappahannock arrived here from the lower river last Saturday evening. She left this morning.

Clerk of the Gas Waller in a notice elsewhere in the Gazette calls upon consumers to settle the quarter's bills due on the 1st instant.

The molten tank at the Old Dominion Glass Works partially collapsed yesterday afternoon. The accident was discovered in time to prevent serious damage.

A valuable dog belonging to Mr. George Wood, living in the southeastern section of the city, was accidently shot and killed by its owner yesterday while seated in the bow of a skiff.

Yesterday was a cloudy, threatening day with a brisk northeast wind and the mercury was below the 70 mark. The churches were all fairly well attended and the services were conducted by the resident clergy.

Charles W. Entwisle, a son of Capt. Charles F. Entwisle, was painfully injured Saturday by being thrown from a wagon which he was driving near the corner of Columbus and Oronoco streets. The accident was caused by the horse attached to the vehicle becoming frightened.

A number of people of this city are availing themselves of the favorable conditions now prevailing for catching black bass. Smelts are generally used for bait. One party which went across the river a night or two ago landed 13 fine specimens, and another who went a short distance below this city yesterday caught 30.

The Circuit Court of Fairfax county met today. At this term the case of William Thomas, colored, who was arrested several weeks ago, charged with stealing a number of horses in that county and disposing of them in Washington will be brought before the grand jury. Chief Goods of the Alexandria police force went to Fairfax today as a witness in the case.

EASTERN DISTRICT OF VIRGINIA

On the 27th day of August, 1906, on reading the petition of WALTER LEE O'NEIL, bankrupt, for discharge, it is ordered by the court that a hearing be had upon the same on the 14TH DAY OF SEPTEMBER, A. D., 1906, before said court, at Alexandria, in said district, at twelve o'clock noon; and that notice thereof be published in the Alexandria Gazette, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted,

And it is further ordered by the court, that the clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable Edmund Waddill, jr., judge of the said court, and the seal thereof at Alexandria, in said district, on the 27th day of August 1906.

North Magnetic Pole Located.

Captain Ronald Amundsen, discoverer of the northwest passage, reached Seattle, Wash., Saturday on the steamship Saratoga from Nome.

Owing to his desire to reach the government observatory at Sitka to complete his magnetic observations, Captain Amundsen sailed for Sitka on the steamer Jefferson a short time after his arrival.

"My observations extend over a period of three years, and it will take three years to calculate them," said he. "Until that time it is utterly impossible to say positively what I have accomplished by my observations." "I believe, however, that I have found the north magnetic pole. I cannot say as yet whether it is a shifting point or extends over a large area. We also took careful observations of the aurora borealis, and believe that my observations will show that this phenomena has a marked effect on the compass. Our zoological and ethnological collection has been carefully attended to and is fairly complete."

Progress of the Chinese.

A competent authority on the far East declares that the Chinese have made more progress during the last 5 years than any other nation on earth, not excepting Japan. He admits that China has not made such advance in iron and coal production as has the United States, but he contends that China has made a wider and more profound change in her whole attitude toward western civilization than has any other nation. The latest proof that China's face is set toward progress is found in the imperial decree issued recently promising a change of laws. While this decree does not promise a constitution, as careless readers have inferred, nevertheless it points in that direction. A more striking indication of the adoption of not only western civilization, but of Christianity, is found in the decree just issued by Chang Chih-tung, ordering the New Testamet taught alongside the Confucian classics among the 58,000,000 people over whom he rules.

Excavations of Ancient City.

Excavations of the ancient city of Gezer, mentioned in early sacred and profane history, carried on by members of the Palestine exploration fund for the last three years, have developed numerous "finds," according to advices from Jerusalem, published in the September number of the Biblical World, issued from the University of Chicago press Saturday. Eight cities have been found superimposed upon each other, on the side of the old defense to the western road to Jerusalem from the mountains of Judah. The culture, history, religion, and customs from as far back as 3500 B. C. have been revealed by architecture, jugs, weapons, masonry, &c.
